

**INTERNATIONAL TRADE ADMINISTRATION
DEPARTMENT OF COMMERCE
PETITION FORMAT GUIDELINES FOR REQUESTING RELIEF
UNDER U.S. ANTIDUMPING LAW
(Form ITA-357P)**

This Petition Format has been prepared to simplify the procedures for filing a petition for import relief under Title VII, Subtitle B, of the Tariff Act of 1930 (19 USC § 1673) ("the Act").¹ Any petition should contain the information set out below, to the extent it is reasonably available.² Upon receipt of this information, either in the accompanying format or in any other appropriate form (following the applicable Department of Commerce (DOC) and International Trade Commission (ITC) regulations), the DOC (which is the "Administering Authority" for antidumping investigations) will be able to consider the initiation of an antidumping proceeding. Such a proceeding is administrative in nature and may result in the imposition of special dumping duties on specific imports. If any questions arise in preparing a petition, please contact the Import Administration Office of Policy and Analysis at: (202) 482-3605.

Imports of foreign merchandise are liable for special dumping duties only after:

- (1) a determination is made by the Assistant Secretary of Commerce for Import Administration that there are, or are likely to be, U.S. sales of the merchandise subject to the investigation at below fair value, and
- (2) a determination is made by the ITC that an industry in the United States is materially injured or threatened with material injury, or that the establishment of an industry in the United States is materially retarded, by reason of imports of such merchandise.

¹ Public reporting for this collection of information is estimated to be 40 hours per response, including the time for reviewing instructions, and completing and reviewing the collection of information. All responses to this collection of information are voluntary, and will be provided confidentially to the extent allowed by law. Notwithstanding any other provision of law, no person is required to respond to nor shall a person be subject to a penalty for failure to comply with a collection of information subject to the requirements of the Paperwork Reduction Act unless that collection of information displays a current valid OMB Control Number. Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the Reports Clearance Officer, International Trade Administration, Department of Commerce, Room 4001, 14th and Constitution Avenue, N.W., Washington, D.C. 20230.

² To satisfy the "reasonably available" standard, petitioner should consult all available sources, including libraries, press reports, embassies, and the U.S. Department of Commerce's Central Records Unit (which is located in room B-099 of the Commerce Building; the unit's telephone number is (202) 482-1248 and its fax number is (202) 482-4679)). In order to demonstrate that all available sources were sought, petitioner should describe in detail its methodology in seeking the required information.

Before filing a petition, applicants should consult the Act, pertinent DOC regulations (19 CFR Part 351), and pertinent ITC regulations (19 CFR Parts 201 and 207). These laws and regulations are available on the Internet at <http://ia.ita.doc.gov/> for the Department of Commerce and <http://www.usitc.gov/> for the ITC. The ITC also publishes the Antidumping and Countervailing Duty Handbook (USITC Publication 3121) which explains the petition and investigation process in detail. The Handbook is available at <ftp://ftp.usitc.gov/pub/reports/studies/PUB3482.PDF>.

Responses to the questions in this document may be printed on separate pages and attached to this document. Where available, documentation and supporting information should be included. Furthermore, those completing and submitting an antidumping petition should clearly indicate if information requested by this guide is unavailable, and state the reasons for such unavailability.

Information for which business proprietary (confidential) treatment is requested must be identified by placing brackets around the proprietary information and clearly stating at the top of each page containing such information "Business Proprietary Treatment Requested." A summary or approximated presentation of the proprietary information should also be submitted, together with a statement of the basis for the proprietary treatment and, if necessary, an explanation of why a summary or approximation cannot be prepared. A summary of figures regarded as proprietary should be provided, expressed in a range of not more than 10 percent above or below the actual figures.

DOC regulations state that if the imports are from a country that has a "state-controlled-economy," the information requested in supplement A of the guide should be furnished instead of the information requested in part C.

A completed Format for Petition and cover letter should be furnished along with **ten** copies of the business proprietary version and **five** public versions, and should be addressed to:

Assistant Secretary for Import Administration
U.S. Department of Commerce
14th Street & Constitution Avenue, NW

SECTION E: INJURY INFORMATION

The factors the ITC is to consider in making its determination are set forth in section 771(7) of the Act (19 USC § 1677(7)) and antidumping petitions should address these factors in making the "injury" allegations. The data specified in sections E-1 through E-4 may be useful in this regard.

Section 207.11(b)(2) of the *Rules* further provides that--

The petition shall also include the following specific information, to the extent reasonably available to the petitioner: (i) identification of the domestic like product(s) proposed by petitioner; (ii) a listing of all U.S. producers of the proposed domestic like product(s), including a street address, phone number, and contact person(s) for each producer; (iii) a listing of all U.S. importers of the subject merchandise, including street addresses and phone numbers for each importer; (iv) identification of each product on which the petitioner requests the Commission to seek pricing information in its questionnaires; and (v) a listing of all sales or revenues lost by each petitioning firm by reason of the subject merchandise during the three years preceding filing of the petition.
